

Jennifer Yandle

Executive Director, J.P. Morgan Chase
Commercial Banking | Life Sciences

Jenn Yandle is an Executive Director at J.P. Morgan and leads the Life Sciences practice for DFW, Houston, Oklahoma, and New Mexico.

With nearly 20 years of banking experience, she provides tailored advice, financial solutions, strategic connections, and industry insights to help clients scale responsibly and efficiently.

Throughout her career, Jenn has held leadership roles spanning relationship management and digital product development. She has successfully invented, designed, and launched global banking platforms, mentored new Bankers around the globe, and has covered the innovation economy portfolio in Texas and surrounding regions for many years. She is most passionate about fostering meaningful connections, supporting innovation, and empowering clients to achieve long-term success.

Jenn is also a committed community leader, and volunteers with organizations including Genesis Women's Shelter, Meals on Wheels, and Junior Achievement.
